

# EDGE-It® Tape

## product specification

**EDGE-It®**  
**Tape**

EDGE-It® Tape is a single sided reinforcing tape for use with PVC and mesh banners. EDGE-It® Tape removes the need for hemming, as it strengthens the edge of the banner. This strong, flexible tape is quick and easy to apply and is also perfect for eyeletting.

- Single sided banner reinforcing tape
- Strong & flexible
- Perfect for eyeletting
- Quick & easy to apply
- High quality adhesive
- Cross-weave for increased strength

### how to use **EDGE-It®** Tape

1. Apply using pressure to the back of your printed banner. There is no need to fold material to create a hem.
2. Eyelet through the material to provide a strong and long-term hem.
3. Roll the banner with the print on the outside to ensure minimum fluting.

### features and benefits
